

Services for Relatives Raising Relative Children in Riverside County

Building Families

We provide services that strengthen the family experience for children who are no longer with their natural parents. Relatives known and loved by children are the first and best choice for their ongoing care.

Building Connections

Kin Care helps provide a connection with other caregivers having similar experiences. Our kinship support services encourage positive outcomes among youth, and strong community ties among families in similar circumstances.

Building Bridges

Our Community Resource Counselors help relative caregivers link up with a wide array of community services and provide personalized support to every Kin Care family.

Kin Care Services

- Guardianship
- Counseling
- Tutoring
